To Whom It May Concern:

Culture Connect International has made a big difference in my quality of life. I applied for Landed Immigrant Status almost three years ago. I waited for five months before Immigration Canada began to communicate with me. Then I waited another year before they contacted me again. This was merely informational. When they contacted me again they asked me for information I did not understand. I was greatly frustrated and considered giving up.

It was at this point that I learned of Culture Connect and called to see if they could help me. Olukayode Adebogun was my agent and he was wonderful. He seemed to know all the ins and outs and was very knowledgeable and experienced in working with Immigration Canada. I had been waiting for two and a half years when Culture Connect came into my life. Within five months the waiting was over. I am now a Landed Immigrant and the future is wide open for me.

I will never be able to adequately express my thanks to Olukayode (Kay) for all his help and effort on my behalf. He worked very hard and cut through red tape I did not even know existed.

I recommend Culture Connect International without reservation. They will get the job done and make things happen. They are honest, loyal, hardworking and dependable. I just thank God they came to me when they did. It has changed my whole life.

Sincerely yours,

Rev. Mary Patrick

To Whom It May Concern:

It became necessary for us at Shiloh Assembly Church to utilize the services available from Culture Connect International. After a period of delays and repetitious requests from Immigration Canada, we were fortunate to have a recommendation to Culture Connect who assisted us in our efforts to sponsor one of the ministers of our church.

We found the services, knowledge and the experience of the above company to be excellent. The assistance of Olukayode Adebogun, our agent, was exceptionally profitable. His dealings with Immigration Canada and his understanding of the laws and principles made the task apparently easy and time saving. After waiting for two and a half years, he completed the work in five months.

It is my pleasure to recommend Culture Connect International to anyone who might require these services.

Sincerely yours,

Rev. Z. S. Taylor

To Whom it may concern:

When the Saskatchewan African Canadian Heritage Museum (SACHM) INC. needed help in obtaining a work permit for an artist working on the development of a centennial commemorative public art, we turned to Cultural Connect International (CCI) Ltd for assistance. They took control of the situation and worked on our behalf with Citizenship and Immigration Canada to have the work permit successfully issued.

We have found their representative, Olukayode (Kay) Adebogun, Senior Immigration Consultant, knowledgeable, experienced, understanding, professional and willing to go the extra mile to ensure that our goal was achieved. As a result, we have no hesitation in recommending to you Cultural Connect International (CCI) Ltd for any dealings you may have with Citizenship and Immigration Canada.

Sincerely,

TO WHOM IT MAY CONCERN.

Re: Testimonial.

I started my immigration process as a student at the University of Regina on my own. However, there was a very long delay in getting my medical forms. I sought advice from the Senior Immigration Consultant (Kayode Adebogun) and he was very helpful. He took over my application process and even saved me some unnecessary expenses and the application was approved. I really appreciate his candor, understanding of the process as well as his advice. I do not regret using his services and I will recommend him anytime, any day.

Sincerely,
